ELECTRICAL

An electrical project isn't something you want to leave to amateurs. After all, the safety of your family and home is at risk. Electrical locations that are in need of repair can turn into a dangerous situation if not attended to.

The professionals at Herrmann Services will see to it that your electrical job is completed properly, on time and up to code. From removing violations to rewiring your entire building or home, the experts at Herrmann Services are prepared to make it right for you.

Our electrical solutions include:

EMERGENCY REPAIRS

Including troubleshooting power supply and safety issues or rectifying code violations.

PANEL REPAIRS & UPGRADES

Upgrades to distribution panels, capacity upgrades for new equipment, fuse-box to circuit breaker upgrades.

REWIRING

Upgrades to residential and commercial wiring, including capacity and safety upgrades, and cloth wiring replacement.

LIGHTING

All lighting installations, including recessed and LED lighting, and expert lighting design.

OUTDOOR & LANDSCAPE LIGHTING

Including outdoor commercial lighting, parking lots and all outdoor and landscape lighting.

REMODELS

New electrical wiring and supply for remodels and change of use refits for shops and offices.

NEW SWITCHES & RECEPTACLES

Replacing old switches and sockets, and adding power to new locations including garages and outdoors.

HOME AUTOMATION

Including wiring for lighting and shading automation.

STANDBY GENERATORS

Backup generators for your home or business.

WHOLE HOUSE SURGE PROTECTION

Protecting your electronic equipment from damaging power surges.

SIGN LIGHTING

Commercial sign lighting repairs and new installations.

HOME THEATER INSTALLATIONS

Including wiring cable TV, surround sound and mounting flat screen TVs.

TELEPHONE & DATA WIRING

State-of-the-art CAT6 and CAT7 ethernet wiring, new phone locations and new installations.

TRADE SHOW ELECTRICS

For sales booth lighting, displays and power, or for limited events.

CEILING AND ATTIC FANS:

Cost-effective cooling for your home.

POOL & SPA HOOKUPS

Power connections for pool pumps and heaters.

BASEBOARD HEATERS

Electric heater installations.
